Dear Paul,

Thanks for mailing of 8/17. Times, SEP stories very useful. I will include in ms, though I'm past that point.

You had already sent me copies Randle report. I wanted for I think Bernabie, to whom you sent. I return in case you intended for someone else and sent me by mistake.

Nothing new.

I wrote Sylvia, trying to alert her to possible personal reactions to her Thornley help, of which Vince had told me. She sent me a long, defensive reply to which I had again rejoined. I so fear she will not, in the future, be able to live with what she has done. She has an emotional thing on all of this, I fear, only beginning with Garrison.

Thanks, much,
